

**Employee Staffed Shared Facilities**

#	<b>Shared Office Building Addresses</b>
1	1800 Larimer Building 1800 Larimer Street Denver, CO 80202
2	Lookout Center [Street Address Withheld as CEII] Golden, CO Posted as a shared facility because the Wholesale Merchant Function (WMF) backup generation dispatch center is located in Room 113 on the first floor at Lookout Center (LOC). In an emergency, and if the WMF must move from their primary location, LOC Room 113 would serve as the emergency backup location for generation dispatch. However, there are no WMF employees located at LOC and Room 113 is separated from the Transmission Control Center, which requires electronic card access. System maintenance is performed by non-WMF employees.
