**Emergency Circumstances Affecting System Reliability
In Compliance with 18 C.F.R Section 358.7(h)(2)(formerly Part 358.4(a)(2))**

In emergency circumstances affecting system reliability, a Transmission Provider may take whatever steps are necessary to keep the system in operation. Transmission Providers must report to the Commission and post on the OASIS or Internet website, as applicable, each emergency that resulted in any deviation from the standards of conduct, within 24 hours of such deviation.

Date	Emergency Circumstance
None	On <u>date</u> Xcel Energy's NSP Transmission Operations was faced with emergency circumstances requiring temporary suspension of the Standards of Conduct for the requested support of Wholesale Market Function employees for help in maintaining reliability of the system. This support required the sharing of transmission specific information and will be reported to the Federal Energy Regulatory Commission.
