Notes

- (1) A date of 1/1/07 0:00 was used for all existing PSCM Designated Network Resources
- (2) End dates for owned PSCM resources are "life of plant" and date shown is an estimate only
- (4) The installed capacity is listed as 0 MW until the resource is commercial
- (5) PSCo will purchase output from the DNR until the seller decides to terminate the sale with a given lead time
- (6) N/A due to being a contracted amount from multiple resources
- (7) Amount of PSCoGEN resources undesignated for system sales
