Public Service Company of Colorado

Meeting Notice In Compliance with 18 C.F.R. Part 358.5(a)(2)

The Transmission Provider must ensure that any employee of its Marketing or Energy Affiliate is prohibited from obtaining information about the Transmission Provider's transmission system (including, but not limited to, information about available transmission capability, price, curtailments, storage, ancillary services, balancing, maintenance activity, capacity expansion plans or similar information) through access to information not posted on the OASIS or Internet website or that is not otherwise also available to the general public without restriction.

Public Service Company of Colorado (PSCo) Transmission Function will be meeting with the PSCo Manager of Transmission Access, a Merchant Function employee, to discuss the contractual arrangements for transmission service which have been secured by the Merchant Function for capacity on the Boone-Lamar 230kV transmission line.

The agenda of the meeting is for Transmission Function to receive information on the contractual arrangements for transmission service that Merchant Function has on the Boone-Lamar 230kV transmission line with third party Transmission Owners within the PSCo Balancing Authority. There will be no information presented by Transmission Function to Merchant Function. The meeting will be conducted via conference call on February 11, 2008. A transcript of the meeting will be prepared and will be available upon request from:
